Perform Investigation	Meckeler, Katee		11/2/18	14	Off-site evaluation: Additional information regarding alleged areas/activities of impact received from the complainant's counsel. The alleged activities involve seasonal customer vehicle parking on agricultural fields.  Based on ArcGIS aerial photography, it appears that no new impervious cover or disturbances/constructions has occurred within NJDEP Land Use regulated areas.  I recommend to close this case with no violation because a NJDEP Land Use regulated activity did not occur.	Coastal Land Use - Highlands	APEREZ	11/27/18 16:52
